

## Same Day Shipment

### Solid Carbide Gundrills

# 0.0394" Dia. To 0.1094" Dia.

## ADVANTAGES

**Increased Rigidity      Faster Feed Rates**  
**Improved Tool Life      Better Oil Flow**

Solid Carbide Gundrills are constructed of one piece of carbide. The greater the rigidity and lack of torque while in the cut, yield feed rates are 2-3 times faster than conventional 3-piece construction tools. Solid Carbide tools are available in diameters from .0394" to .3125". Larger diameters are also available for certain applications, made to order. Stocking arrangements can be made upon request
